

BLACK NOTE GRAFFITI®

Fallacy Lyrics

INTRO

Raze your ego and pray you're right
Display each whisper
Suppress the light

VERSE

Raze your ego and pray you're right
Display each whisper
Suppress the light

CHORUS

(Burn)
All your enemies
The life we used to know
(Unlearn)
All your memories
The truth you never show
(Mistake)
False realities
The secrets you create
(And live)
In the fallacy of hate, hate, hate.

VERSE

You forged your wisdom
in mud they sling
You built your prison
in the right wing

CHORUS

(Burn)
All your enemies
The life we used to know
(Unlearn)
All your memories
The truth you never show
(Mistake)
False realities
The secrets you create
(And live)
In the fallacy of hate, hate, hate.
(Hate)

[INTERLUDE]

BRIDGE

Watch it all burn
What did we learn

OUTRO

Watch it all burn (Watch it all burn)
What did we learn (Watch it all burn)
Watch it all burn (Watch it all burn)
What did we learn (Watch it all burn)

Ain't nothin' but a fallacy.
